7 **Delete**   [Pagination info and nav]
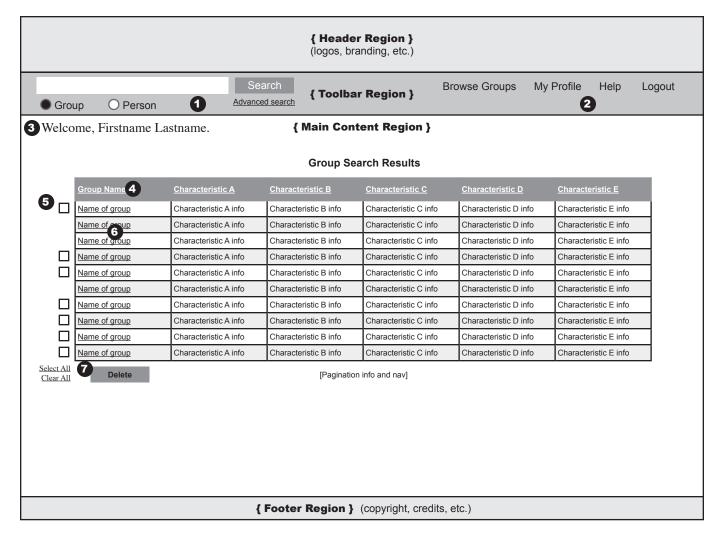

**{ Footer Region }** (copyright, credits, etc.)

1 Search region permits user to **search for Groups or Persons**, defaulted to Group. User can also click text link to move to Advanced Search screen.

2 Utilities area in toolbar created for any **persistent tools or functions**. If a clipboard area is still required, it should live here.

3 Retain **greeting**, displaying username.

4 Column heads on tables will be **sortable via toggled clicking**.

5 **Checkboxes** at the side of each row **will be contextual**, interacting with the **Delete** button in the lower left corner. Checkboxes appear only if user **has ADMIN privileges**.

6 Clicking the name of a particular group will **drill down to the Group Details page view** for that group. Hovering over the group name should show partial path information

7 If the user **has ADMIN privileges** for a group shown in the table, the "**Delete**" button appears.
