

## What is eduroam?

A **wireless service** for educational institutions.

## Why do I need it?

**eduroam** (*education roaming*) allows users from participating institutions to **securely access the Internet** from any eduroam-enabled institution.

## How do I login?

- 1 Go to Wi-Fi settings and **select "eduroam"**
- 2 When prompted for a username, enter your **University email address**
- 3 Enter your **University password**

## Where do I use it?

You can use eduroam at participating sites like **schools, libraries, UTA Frontrunner, museums and more!** Just look for eduroam on your device's wireless options.

- **Download** the eduroam Companion app for Android and iOS:  
<https://www.eduroam.org/eduroam-companion-app/>
- **Check out** the map:
