Agenda

- Welcome
- Introduction to NET+ AWS Program
- Introduction to AWS for Researchers
- Q&A
Logistics

- Participants microphones and video are turned off
- Please submit your questions via the Q&A functionality
  - Questions will be moderated by AWS Solution Architects
  - Follow up questions may be directed to netplus@internet2.edu
- Today’s virtual event is being recorded and will be made available on the Internet2 I2 Online page: https://www.internet2.edu/news-events/events/i2-online/
Agenda

• Welcome

  • Introduction to NET+ AWS Program

• Introduction to AWS for Researchers

• Q&A
Internet2 Cloud Initiatives
Tailored Cloud Capabilities for R&E

Supporting the R&E Community in the Cloud

InCommon
Cloud Access with Secure, Trusted Single Sign-On
Secure Access to the Cloud

InCommon Academy

I2Cloud NET+
Customized and Integrated Cloud Services
Services, Procurement and Community Engagement

Internet2 Cloud Connect (I2CC)
Simplified Direct Access to Cloud Providers
Networking in the Cloud

E-CAS
Exploring Clouds for Acceleration of Science
Enabling Research and Science for Computing Professionals

CLASS
Cloud Learning and Skills Sessions
Training and Workforce Development
Community-Driven NET+ Cloud Services

Developed through a community led Service Evaluation Process
Reviewing services to ensure they meet higher education standards in areas such as functional, technical, security and compliance, business and legal, and other areas of importance.

Backed by a group negotiated Facilitation Agreement
Ensuring standard and differentiated higher education contract terms and conditions, and discounting for qualified institutions.

Supported and Maintained by a Service Advisory Board and Internet2 Program Manager
Convening the community in meaningful ways around cloud services while supporting ongoing management of the service offering.
