NET+ BPLAC Meeting Summary

December 14, 2022

Attendees: Emily Perry, Loren Malm, Matt D'Emilio, Bobby Clark, Joe Holewa, Emma Levett, Carrie Shumaker, Lester Greenman, Nikki Maloney, John Krienke, Sean O'Brien, Sue Gavazzi

- Members approved the [Nov 2022 Summary](#) notes.
- Lester offered feedback on the NET+ Kion agreement, including terms and structure of the document.
- Sean solicited members to provide suggested language to the NET+ AWS RFP, which will be released in early January.
- Emily provided an update on the VMWG Kickoff meeting from Dec 5th. Full working group participated in a brainstorming exercise to gather data on staff, tasks, and documentation used in focus areas of vendor management. Next meeting is January 9th where full group will develop a definition of vendor management for higher ed, using Gartner's definition as a starting point.
- Bobby led a discussion on members' thoughts/reactions to the StateRAMP presentation in November. Loren commented that StateRAMP standards are mature and are continually reviewed and verified. Members discussed the implications of resources with overlapping assessments and how NET+ might play a role in differentiating them. Bobby suggested inviting a NET+ vendor to a future meeting to discuss their experience and perspective with completing multiple assessments.
