

# NET+ PAG Meeting Minutes

April 28, 2020

Present: Jack Suess, Virginia Evans, Matt Riley, Kevin Morooney, Sean O'Brien, Jamie Sunderland, Mark Henderson, Elaine Alejo, Emily Nichols, Quyen Vaillant    Absent: Loren Malm, Michele Norin

## **Announcements: Welcome to Mark Henderson**

### **Discussion Topics:**

- Recap of the Zoom Webinar on Security and Privacy. [Presentation](#)
  - Over 600 attendees
  - Discussion on expectations of Zoom and how they can help. Quyen going to bring these issues and more back to zoom.
  - Sean: ability to pull in implementation or add ons into the contract are hopefully options. Our hope is that they look at us as more of a strategic partner now.
  - MattR- will AWS chime come in? Is I2 watching it? It offers a platform with a development tool kit.
  - JackS- it makes sense to get multiple institutions together and talk about what would be the right things to do for an orientation. Having discussions sooner rather than later. Come up with a recipe for campuses
  - Sean- does I2 look at a service like zoom and do more towards teaching and learning or is this more of an educause space?
  - JackS-comprehensive learning project.
  - Panel discussion- to bring several groups together to have a big discussion
  - KevinM- did have a call with Educause and everyone wants to continue to provide value in today's world. I2 to be a contact point, need to educate others about our value.
  -
- NET+ Webinar Series
  - [Presentation](#)
  - Virtual Events Series- leverage our content and better serve our community
  - To start in the end of June through the end of the year
  - Lessons learned from several vendors
  - Virtual sponsorships in the works
  - Would still be useful even after the COVID-19 is over +2
  - Registration page under I2 on line <https://www.internet2.edu/news-events/events/i2-online/>
  - Represent our engagement with Google, AWS, GCP,
  - 37% conversion rate

- JackS- great idea, site won't scale verywell, by the end of the summer there will be so many events and you will need a way to search for events. List model will it be the best way or should you have a calendar view
  - Good conversation for the CE PAG to have
  - MattR- great direction
- Conversations and feedback from members on finances and cloud services

Next Meeting: July 28, 2020

Meeting adjourned
