ServiceNow announces partnership with FutureSkills Prime – A nasscom MeitY initiative

ServiceNow India, the leading digital workflow company, today announced its skills partnership with FutureSkills Prime – a MeitY nasscom digital skilling initiative – to train 5,000 learners across India, in new digital skills. The partnership offers clear pathways to build rewarding careers that are available across ServiceNow’s fast-growing network and supports RiseUp with ServiceNow, a global focus to skill one million people by the end of 2024. This initiative furthers the Government of India’s efforts to develop India as a global talent hub and will launch with two entry-level on-demand ServiceNow courses available to all learners, at no cost. The Welcome to ServiceNow and ServiceNow Administration Fundamentals includes technical and interpersonal skills needed to establish a digital career. [Read more here.](#)

ServiceNow expands generative AI capabilities with case summarization and text-to-code to drive speed, productivity, and value

ServiceNow (NYSE: NOW), the leading digital workflow company making the world work better for everyone, today announced expanded generative AI capabilities, case summarization and text-to-code, to drive speed, productivity, and value for customers. Powered by proprietary ServiceNow large language models (LLMs), both capabilities are purpose-built for the ServiceNow platform and are designed to alleviate repetitive work and significantly improve productivity. ServiceNow also announced today its approach to commercialization with new premium SKU offerings across IT Service Management (ITSM), Customer Service Management (CSM), and HR Service Delivery (HRSD), which will be available this September with the Now Platform Vancouver release. SNOW Higher Education Group - Mailing List

This mailing list is for ServiceNow customers or potential customers who are members of higher education institutions. There are many collaborative resources available for ServiceNow customers, for ITIL/ITSM, and for higher education, but none specifically in the space that crosses all three. In that context Karen Van Dusen (Carnegie Mellon University) and Hillary Rosenfeld (Boston University) maintain this list for anyone who is a ServiceNow customer and in higher education. Topics typically range from ServiceNow implementation and adoption strategies in higher ed to networking planning for events like ServiceNow's Knowledge conferences.
