InCommon Federation Library

Get Started
InCommon makes possible trustworthy academic collaboration that reaches far beyond what a single organization can do on its own, through identity and access management technologies and services that are integrated across the globe. Learn how you can participate:

- READ THIS FIRST: Understanding Federation in Research and Education
- Join the InCommon Federation
- Putting things into Gear - Get Going with InCommon Federation
- Working with User Data
- Meet Baseline Expectations
- Adopt SAML 2.0 Deployment Profile

Baseline Expectations - Improvements coming soon!
October 2023
The InCommon Federation operations team has been working throughout 2023 to introduce a series of enhancements to help participants maintain adherence with Baseline Expectations. We are happy to announce that the first set of these changes will soon appear in Federation Manager. Follow the link below to learn more about InCommon's ongoing effort to operationalize Baseline Expectations.

Integrate Microsoft Azure AD with InCommon Federation
April 2023
Microsoft recently published an identity architecture and deployment guide on integrating Microsoft Azure AD with the InCommon Federation. If you are using Azure AD, be sure to check out this article to learn more:

GET NIH Ready
Follow this NIH-readiness resource page; get the latest on NIH's initiative to standardize and streamline federated access to NIH resources and what you need to do to meet its requirements.

Support Research & Scholarship (R&S)
Do your part to help combat the COVID-19 pandemic: configure your identity provider to support the REFEDS Research and Scholarship category to rapidly connect your researchers and scientists with international collaborations
