New Resources

EA Maturity Model

From the EAMM working group: [EA Maturity Model](#)

Join the conversation by sharing a [practice profile](#) or [maturity review!](#)

	Level 1 Initiating (Identify)	Level 2 Formed (Validate)	Level 3 Defined (Measure)	Level 4 Managed (Change)	Level 5 Improving (Future)
Attribute A Scope Definition	The initial scope consists of identified opportunities with potential to realize the value proposition.	The initial scope is validated through key engagements and optimized to best realize the value proposition.	The scope is clearly defined and the value proposition widely understood.	The scope is regularly evaluated and processes to implement changes are in place.	Investment is regularly made in validating new opportunities to expand scope.
Attribute B Engagement	Key stakeholders, ready to explore and support EA capabilities, are identified and relationships with them are established.	Engagements strengthen existing stakeholder relationships and form new professional relationships.	Key stakeholders value and advance EA within the organization. A network of professionals engaged in EA activities forms.	EA practitioners are welcomed and integral to the processes of stakeholder organizations.	The EA practice is a trusted business partner to its key stakeholders.
Attribute C Impact Assessment	The organizational context is assessed and potential measures of the value proposition are identified.	Outcomes of key engagements are measured against the value proposition using qualitative assessment methods.	Outcomes are measured against the value proposition using established assessment methods and defined metrics.	Cost benefit is optimized using assessment data and operational costs.	New and alternative measures are explored, evaluated and adopted to improve assessment accuracy.
Attribute D Delivery	Potential methods are identified to deliver the value proposition within the defined scope.	Delivery methods are validated through key engagements and refined to improve outcomes.	Delivery methods are well defined and expected outcomes repeatable.	Delivery methods are regularly evaluated and processes are in place to implement improvements.	New and alternative delivery methods are explored and evaluated.
Attribute E Management	The vision, business case and initial organizational structure for the EA practice is identified.	The EA capability is approved by the organization. EA resources are identified and charged. Progress towards the value proposition is tracked and reported to stakeholders.	The EA program has a clear and measured value proposition. Proper financial and staffing resources are available. The program is embedded within the organizational structure of the organization.	The EA practice has processes in place to regularly evaluate its value proposition and to adjust to opportunities and constraints.	The EA practice engages in strategic thinking and long-term planning.

Itana 2017-2018 Year in Review

Itana did a lot of great work over the 2017-2018 call season. We had 96 meetings and collaborated with 7 other groups. There were 4 Working Groups and a Book Club last year. Have a look at the Year In Review InfoGraphic on below.

The ITANA program is intended not just for enterprise architects, but for a wider audience including:

- Business architecture -- Business architects, business stakeholders, business leaders, etc.
- Information architecture -- Information architects, data stewards, business and technical consumers, et.
- Technical architecture -- Technical architects, technical project managers and teams, etc.

Are you interested in leading a session? Please contact the [ITANA Steering Committee](#).

Want to help out? [Scribe a call](#). It's easy. You can scribe in [email](#), [in the wiki directly](#), [in a Google Doc](#). Give a hand. Help out. Take notes.

Spring 2019 Call Program

Date	Track	Session	Materials
April 5	Strategy	Cloud Strategy at UW-Madison	2019-04-05 Call Note Wisconsin Cloud Strategy
April 19	ITSM and EA	Joint call on ITSM, EA, and IT Governance <ul style="list-style-type: none"> • Which are established at your institution and how do they relate? • How is your EA practice involved? • What does it really look like at your institution? 	2019-04-19 Call Note Slides
May 3	Future State	What is the value of Central IT in the future? How do you have the conversation in the Central IT unit? How do you help the institution gear up to work in the new future (cloud, SaaS, etc.)?	2019-05-03 Call Note
May 17	Practice	U Washington's EA Quarterly Planning Process - getting a handle on our work and outcomes.	2019-05-17 Call Note
May 31	Progress Report	Report out things you worked on improving over the year	2019-05-31 Call Note
June 14	n/a	2018-2019 Wrap-Up - Lessons Learning - Plus/Deltas/Big Ideas/Questions from the year	2019-06-14 Call Note

Note: No general membership conference calls are scheduled for Summer quarter. Working Group calls may continue. See each Working Group leader/page for info.

The full [ITANA 2018-2019 Program](#) will be published in late August. See the details for the call on the [Conference Call](#) page. Typically, sessions incorporate a brief (15-30 minute) presentation that shares content and elicits valuable feedback from the session attendees. Please contact the [ITANA Steering Committee](#) if you would like to present.

For working group and steering calls, see the [Events](#) page.

Architecture Leadership
