

NET+ CSTAAC - Cloud Services Technology Architecture Advisory Committee

Welcome to the **NET+ CSTAAC (Cloud Services Technology Architecture Advisory Committee, pronounced C-stack) Working Group** wiki.

CSTAAC, Cloud Services Technology Architecture Advisory Committee, is a standing architecture strategy group of community members chartered by Internet2's Vice President for Trust and Identity and NET+ Cloud Services. CSTAAC advises Internet2's Cloud Services and NET+ program areas through interactions with other groups and with Internet2's Vice President for NET+. CSTAAC members include a broad representation from the research and education community.

Several NET+ Service Advisory Board chairs will also serve in an advisory capacity. These individuals include:

- Gerard Shockley, NET+ AWS Advisory Board Chair
- Bob Flynn, Google Higher Ed Customer Advisory Board GCP Track Chair

[CSTAAC Charter - Request for community comment](#)

Sara Jeanes ([internet2.edu](mailto:sjeanes@internet2.edu)) posted on Sep 30, 2019

CSTAAC will be intentional in its inclusion of broad representation from the research and education community. We have opened a consultation regarding the formation of CSTAAC and invite your comments and feedback. You will find the CSTAAC Charter at <https://spaces.at.internet2.edu/x/UAJ1CQ>. The consultation period is open now until October 11th, 2019.

[CSTAAC Call for Nominations](#)

Sara Jeanes ([internet2.edu](mailto:sjeanes@internet2.edu)) posted on Sep 30, 2019

We would encourage you to nominate colleagues who you feel would be strong leaders and fit the ethos of this new Committee. If you see yourself in this role, we would also suggest that you consider nominating yourself. We are particularly looking add an additional nomination or two from a research, or research adjacent area as well as additional representation from western states. Nominations can be submitted to Sara Jeanes at sjeanes@internet2.edu and will close October 11th.
