Grouper School Workshop Series

Grouper School is a four-day workshop with a mix of lecture, hands-on training, and discussion. Participants will be guided through a series of condensed and accelerated learning modules. The modules start with Grouper basics and progress through new Grouper features, access governance, Grouper security model, and Grouper administration. The session culminates in with an access governance practicum that incorporates the InCommon Trusted Access Platform suite of components and provides a "full IAM stack" experience.

The target audience is anyone interested in implementing access governance the "InCommon way", and includes novices and folks who already have some Grouper experience.

Knowledge of identity management concepts and related implementation experience is strongly recommended.

Upcoming Workshops	Date	Location
Grouper School	October 13-16, 2020	online

Previous Workshops	Date	Location
Grouper School	June 2-3, 2020	online
Grouper School	November 14-15, 2020	Philadelphia, PA
Internet2 Technology Exchange	October 15, 2018	Orlando, FL
University of Wisconsin, Madison	June 18 - 19, 2019	Madison, WI

Video Training Opportunities

Note that Grouper is a very actively developed product and these videos may not accurately reflect the current state of Grouper. The videos should, however, give you a good starting place.

To be notified when new Grouper Training Videos become available, please [add yourself to the Grouper Training announcement list HERE.](#)

You can click the 'Outline' links for an overview of each section's videos. Videos average 10 minutes in length.

News: As of April 2015, there are five new training videos on the Grouper 2.2 UI in the [End User Video series](#). There are also new training videos in the [System Administrator's track](#) on patching and upgrading Grouper.

Other Grouper training videos have not yet been updated for Grouper 2.2, however, most of the instructions in the videos still apply.

The Curriculum is divided into these four sections:

- [Grouper Training for Managers](#)
- [Grouper Training for System Administrators](#)

- [Grouper Training for Developers and Architects](#)
- [Grouper Training for End Users](#)

Grouper 2.2 Overview Video (August 2014)
