NET+ Code42

Welcome

Welcome to the NET+ Code42 wiki.

Many Internet2 member institutions take advantage of this service offering. If your institution is one of them then this wiki will provide details on how to make the most of your participation of the programming and interact with peers across Internet2 member institutions.

This program is open to all Internet2 higher education, affiliate and federal affiliate members. If you are looking details on how to join the program, add licenses as an existing participant or move to the latest version of the NET+ Code42 Customer Agreement (April 2019), please contact us at netplus@internet2.edu.

Service Documentation and Resources

Accessibility:

- Voluntary Product Accessibility Template® (VPAT) - please email internet2@code42.com

Identity:

- NET+ Code42 Identity Guidance
- Configure InCommon for SSO in your Code42 environment

Information Security:

- Higher Education Cloud Vendor Assessment Tool (HECVAT)

- NET+ Customer Agreement - please email netplus@internet2.edu

Community Resources

Participate in our Online Community (Participants Only):

Institutions participating in the NET+ Code42 program may take advantage of our email discussion list, receive our program newsletter and participate in other activities and events by joining our NET+ Code42 email distribution list. Please contact netplus@internet2.edu to be added.

Join the Code42 Community Forum (Open to all Code42 Customers):

Customers of Code42 are encouraged to join the Code42 Community. See Sign up for the enterprise customer portal for instructions to join.

Collaborate on Community Resources (Participants Only):

Speaking of community, did you know about the NET+ Code42 Community Folder? This was created specifically for YOU, members of the NET+ community to collaborate with each other. Follow the link above to request access using your .edu email account.

Key Program Updates

Subscribers may review our mailing list archives for monthly updates on the program and the Code42 product.

2020 NET+ Code42 Program Goals Released
Sean O'Brien (internet2.edu) posted on Dec 17, 2019

The NET+ Code42 Service Advisory Board has developed a set of draft goals for the NET+ Code42 program for 2020. These goals are available for subscriber comment through January 10, 2020. You may add comments by logging into the Internet2 Collaboration Platform with your InCommon credentials.

- Internet2 Program Manager: Sean O'Brien sobrien@internet2.edu

Send Feedback or Submit a Feature Request:

The NET+ Code42 program is managed by an Internet2 program manager with the support of the NET+ Code42 Service Advisory Board.

The NET+ Code42 Service Advisory Board reviews and priorities community feature requests on a quarterly basis and submits them to Code42 product leadership. Feature requests may be submitted using this form.
