eduroam Administrator Guide

The eduroam-US Administrator’s Guide provides the information required to join the confederation and install and maintain RADIUS configurations per eduroam-US policies.

While we work to update our documentation, our colleagues at GEANT have additional documentation on deploying eduroam.

Sections

1. Peering Overview
2. Technical Overview
3. RADIUS server configuration for eduroam-US
4. non-RADIUS configurations
5. RadSec
6. eduroam Security
7. eduroam_US End-User Configuration Guide
8. Acceptable Use Policy (AUP) Example
