

Registration Guide

This document lists the steps to follow to register in Internet2 Identity Services.

1. [Federation Manager / Eduroam](#)
2. [Starting Registration](#)
3. [Login with your Identity Provider](#)
4. [Proceed to registration \(If it appears\)](#)
5. [Add some details about yourself](#)
6. [You have now completed the first phase of your registration process](#)
7. [Click the link in the email to complete your registration](#)
8. [Success!](#)

Federation Manager / Eduroam

If you have received a Federation Manager/Eduroam invite, you can reference these [expanded instructions](#).

Starting Registration

Visit any participating service and log in or click the link below to automatically begin registration.

[Begin Registration](#)

Select your Identity Provider

Select your Identity Provider.

- You can choose from Organizations in the InCommon Federation in the drop-down list offered. This will redirect you to your home IdP for authentication.
- You can choose to register a Google Account.
- You can choose to create an Internet2 Guest Account, and then restart the registration using the 'Internet2 Guest' Option.

The screenshot shows the 'Internet2 Identity Services' registration interface. At the top left is the Internet2 logo. The main heading is 'Identity Services'. Below it is the sub-heading 'Select an Identity Provider'. A text prompt asks the user to 'Please select a trusted identity provider from the list below by beginning to type in the edit box.' Below this, it says 'If you do not find your organization in this list, there are two options:' followed by a numbered list: 1. 'You can [login with your Google account](#).' 2. 'You can [login with your Internet2 Guest account](#). If you are new, you may [create an Internet2 Guest account](#) (see [Guest Account Guide](#)).' Below the text is a form with a label 'Enter your organization's name' and a text input field containing 'Enter the name of the organization you are affiliated with...'. To the right of the input field is a dropdown arrow and a green 'Continue' button. Below the input field are two checkboxes: the first is checked and labeled 'Remember selection for this web browser session.', the second is unchecked and labeled 'Remember selection permanently and bypass this step from now on.' In the bottom right corner of the form area is a blue 'Help' link.

Login with your Identity Provider

Log in using the credentials you use with your home IdP.
(The image below is an example of using Google as your home IdP, your image will be specific to your own IdP)

Proceed to registration (If it appears)

Once authenticated, Identity Services will determine if you are an existing user in the COmanage registry.

(Note: If you receive an error with a yellow banner at the top "Your last login as...", then you have already registered.)

If prompted, click the "Proceed to Registration" button.

Add some details about yourself

You will be prompted to enter some information about yourself. Given name and family name are required. Please consider adding as much information as you can. This will help us identify you better (to ensure you have a verifiable identity).
