Chairs and Sponsor

Co-Chair: David Bantz, Kyle Lewis

About the SIRTFI Exercise Working Group

The SIRTFI Exercise Working Group prepares members of the InCommon Federation community to handle a federated security incident by conducting one or more tabletop exercises to simulate aspects of responding to the real thing. Exercises are aimed to be learning opportunities, increasing familiarity with and shared understanding of key concepts and practices in the SIRTFI framework.

The SIRTFI Exercise Working Group is chartered by the InCommon Community Trust and Assurance Board.
