Days left until recertify	180 Number of days left before this group needs to be recertified. 0 means overdue. This is computed by the attestation daemon which runs nightly.
Last emailed date	The most recent date that group admins were emailed to ask them to review this group's memberships
Send email	No, do not send email alerts If email alerts should be sent out to people who need to review the membership
Use default recertify days	Yes, use default recertify days (180 days) Use the system wide default of 180 days for recertification

No attestation configured

When you click on the Attestation menu item and there are no attestation attributes for that group/folder and any of the parents in the hierarchy, you will see a screen which has a link to configure the attestation for that group/folder.
