Registry 2.0.3 Release Announcement

Internet2 and the COmanage Project are pleased to announce the release of COmanage Registry version 2.0.3. This release is a maintenance release. This version contains various bug fixes.

We recommend all deployments running v2.0.2 or earlier upgrade to this release, or preferably to the v3.x series. This will be the final release of the v2.x series.

Full release notes are available at https://spaces.at.internet2.edu/display/COmanage/Release+History

COmanage is funded by Internet2 and other sources. For further information about COmanage, including a list of funders, and to download the software, please visit: http://www.internet2.edu/comanage and https://spaces.at.internet2.edu/display/COmanage
