- [Salesforce Organizational Identity Source](#)
- [Improvements to Organizational Identity Sources](#)
- [Support for Additional SSH Key Types](#)

Full release notes are available at <https://spaces.at.internet2.edu/display/COnanage/Release+History>

The project roadmap is available at <https://spaces.at.internet2.edu/display/COnanage/COnanage+Product+Roadmap>

We do not expect to further evolve the 3.0.x or earlier series, and as such we recommend all deployments upgrade to this release.

COnanage Registry v3.1.0 was made possible by contributions from several organizations, in addition to ongoing funding via Internet2. The project would like to thank

- Internet2
- The National Science Foundation
- The CILogon Project and the University of Illinois
- Modern Language Association
- The National Institute of Allergy and Infectious Diseases (NIAID, part of the National Institutes of Health) and NET ESOLUTIONS
- SUNET

COnanage is funded by Internet2 and other sources. For further information about COnanage, including a list of funders, and to download the software, please visit: <http://www.internet2.edu/comanage> and <https://spaces.at.internet2.edu/display/COnanage>
