Baseline Expectations Roadmap: https://spaces.at.internet2.edu/display/BE/Baseline+Processes+Roadmap

When do we need

- 1. Finalized CTAB Charter
- 2. CTAB Slate/roster

Probable Timetable

- March InC Steering meeting will look at legal doc changes (PA and FOPP)
- Possibly Steering can't vote until new chair for Steering is chosen
- Steering provisionally accepted revised CTAB charter already, barring major changes, of which there were none during the consultation. •
- But Steering must approve the CTAB roster
- · CTAB will want to select a co-chair to serve with Brett
- ° 2018 is Brett's last year on AAC / CTAB
- Brett will reach out to the nominees for CTAB
- [AI] Brett will do outreach around consultation closing and the fact that we are still accepting nominations until Friday Jan 5. (done)
