

Grouper UI - Auditing

Auditing gives you the ability to view the log history of a specific user, their memberships, and privileges in the UI. This can be viewed by browsing to the desired user, selecting "more actions" and then choosing the audit type you wish to review.

Subject screen menu

The screenshot shows the Grouper UI subject screen for Chris Hyzer. The user's profile information is displayed at the top, including their Unique ID, Email, Name, and Description. Below this, there are tabs for Memberships, Group privileges, Folder privileges, and Attribute privileges. A red arrow points to the 'More actions' dropdown menu, which is open and shows options: Add to my favorites, Permissions, Attribute assignments, View membership audit log, View action audit log, and View privilege audit log. The 'View membership audit log' option is highlighted. Below the menu, a table lists all groups in which Chris Hyzer is a member. The table has columns for Folder, Group name, and Membership. The first row shows 'Grouper Administration' with the group name 'externalSubjectInviters' and a 'Direct' membership type. There is an 'Actions' dropdown button next to the membership type.
