InCommon Working Groups Home

For InCommon Working groups, see the list of Trust and Identity working groups.

Other Working Groups

Here are other working groups of interest, sponsored by Internet2, but not directly sponsored by InCommon.

- TIER Working Groups Home
- MACE-Directories
- CIFER - as of Q3 2015, transitioned to TIER Data Structures and APIs WG
- Grouper (enterprise access management system)
- Scalable Consent
    - LARPP Consent (older)
    - LARPP - Consent Manager Internals (older)
- Multifactor Authentication Cohortium (no longer active)
- End to End Trust and Security (one of three CINO Working Groups)
