AACRAO2010

ITANA will join with AACRAO Tech 2010

Very Important News!

IMPORTANT: ITANA will NOT be hosting a track at AACRAO Tech 2010.

Due to the short planning time, we were unable to bring together the presentations for the sessions. We will work towards a track at next year's AACRAO Tech.

~~ITANA will host a Student Lifecycle Summit at AACRAO Tech 2010.~~

The goal for this meeting include:

- Building a bridge between the Architecture group and the Registrar's Office (RO) on campuses
- Helping participants outline a strategy for architecture engagement in the student lifecycle space
- Building a shared understanding of the role of the Registrar's Office in governance and data management on campus

Dates and Program

AACRAO Tech will be Sunday, July 18th through Tuesday, July 20th.

- The Student Lifecycle Sessions will be on Monday, July 19th.
- ITANA will have a 1/2 day session on Tuesday, July 20th.

Who should attend

Institutions should look to send a team with both RO and Architecture representatives. These teams will work together throughout the day to answer questions and build a shared vision for future student lifecycle work on your campus.

Individuals who should also attend include:

- Registrars, Admissions Officers and other people from the RO/AO area who are involved in data access decisions, identity management and student lifecyle policies and decision and shared infrastrucutre.
- Enterprise Architects, I.T. Architects, Infrastructure Architects who are involved in identity management, SOA and data management.

Logistics and Registration Fee

Note that there is a registration fee for attending AACRAO Tech. The fee varies based on membership and number attending from institutions.

http://www.aacrao.org/tech10/registration.htm

The logistics are being handled by AACRAO Tech 2010. Please see their site for information
