

NET+ Splunk Community monthly calls

The NET+ Splunk Service Advisory Board wants to engage more, share best practices, and help solve challenges with our peers. We're excited to announce the NET+ Splunk monthly community user group call series for 2021 will be starting on May 19th at 3 p.m. ET / 12 p.m. PT. We'll use this time for a monthly call on the third Wednesdays of each month at 3 p.m. ET / 12 p.m. PT. [Register for the calls.](#)

The calls will be a little different this year. We're going to focus on questions you would like to ask your peers about issues you're working on for your campus, as well as having an open discussion. We'll have an agenda with questions and topics submitted by you and other NET+ Splunk participants. We'll occasionally have short presentations from campuses or Splunk to get the discussion started.
