

CSTAAC Call for Nominations

We would encourage you to nominate colleagues who you feel would be strong leaders and fit the ethos of this new Committee. If you see yourself in this role, we would also suggest that you consider nominating yourself. We are particularly looking add an additional nomination or two from a research, or research adjacent area as well as additional representation from western states. Nominations can be submitted to Sara Jeanes at sjeanes@internet2.edu and will close October 11th.
