After Action Reports

[Sectigo Certificate Revocation/Reissue](#) (August 26-31, 2019)

Summary: On August 26, Sectigo was notified of an issue with serial numbers on certain EV certificates. These certificates included serial numbers consisting of all zeros. [CA/Browser Forum requirements](#) (see Section 9.2.4), which govern Certificate Authorities like Sectigo, require revocation of these certificates within five calendar days.
