

# NET+ Code42 Town Hall Recap

Internet2 and Code42 hosted the first ever NET+ Code42 Town Hall meeting. The town hall covered a number of topics of interest to those participating in the NET+ Code42 program, including:

1. [Overview](#) of the new NET+ Code42 Customer Agreement
2. Product Updates and Review of Code42 Evolution
3. Review of Community Feature Requests
4. Overview of NET+ Code42 Community and Opportunities to Engage

For those who were unable to make it, the presentation and video are in the Events and Presentations sub-folder of the [NET+ Code42 Community Folder](#).

Speaking of the [NET+ Code42 Community Folder](#). Did you know about this resource? This was created specifically for YOU, members of the NET+ community to collaborate with each other. Follow the link above to request access using your .edu email account.
