NET+ Code42 Town Hall Recap

Internet2 and Code42 hosted the first ever NET+ Code42 Town Hall meeting. The town hall covered a number of topics of interest to those participating in the NET+ Code42 program, including:

- 1. Overview of the new NET+ Code42 Customer Agreement
- 2. Product Updates and Review of Code42 Evolution
- 3. Review of Community Feature Requests
- 4. Overview of NET+ Code42 Community and Opportunities to Engage

For those who were unable to make it, the presentation and video are in the Events and Presentations sub-folder of the NET+ Code42 Community Folder.

Speaking of the <u>NET+ Code42 Community Folder</u>. Did you know about this resource? This was created specifically for YOU, members of the NET+ community to collaborate with each other. Follow the link above to request access using your .edu email account.
