

NET+ Canvas Service Advisory Board meets at Instructure HQ, finalizes 2020 goals

The NET+ Canvas Service Advisory Board met face to face for an annual meeting at Instructure headquarters in Salt Lake City, Utah. This all day event was the fourth of its kind held annually where the Service Advisory Board was able to meet with key leadership positions within Instructure and have productive and collaborative discussions. At the top of the list were discussions around usage data (AKA aggregate data or behavioral data) and open source standards with the CEO and other key senior leaders within Instructure. And finally, [NET+ Canvas goals](#) for the Service Advisory Board were reviewed and finalized as well. A full agenda can be found at <https://spaces.at.internet2.edu/x/y4LVCQ> for your review as well as the [main program page](#).
