

New FileSender Landing Page and Wiki Space Now Live

Our FileSender webpages have been in need of a refresh for a while now. Starting us down that path, you can now find FileSender in the list of Internet2 cloud services here: <https://www.internet2.edu/cloud-services/>. You can also now find details on Getting Started on the Wiki here: <https://spaces.at.internet2.edu/x/TwOJCQ>. Keep an eye out for upcoming updates to the service!
