

# NET+ Palo Alto Networks - Provisional Service and Service Evaluation

## Welcome

Welcome to the NET+ Palo Alto Service Evaluation wiki. Palo Alto entered into the [NET+ Service Evaluation](#) in May 2020 and completed service evaluation in April 2021.

## Provisional Service Offering

A pre-service evaluation agreement for Palo Alto Networks Prisma Access Service is available to Internet2 higher education members and other research and education institutions. Institutions can now use it if they need to address emerging campus remote access needs while the longer-term NET+ program is developed with Palo Alto Networks. This agreement has custom pricing and the ability to transition to the full NET+ Palo Alto service when service evaluation is completed. The pre-service evaluation agreement for Palo Alto Networks Prisma Access Service through a variety of resellers. If your campus is interested in signing up for the service or for pricing, please contact the Carahsoft team at [paloaltonetworks@carahsoft.com](mailto:paloaltonetworks@carahsoft.com).

## Service Evaluation Process

The full service evaluation is complete!
