Policy Forum, Technical Forum Notes Available

At each Internet2 Fall Member Meeting, InCommon sponsors the InCommon Forum, as a place for participants to gather, learn the latest from InCommon, and discuss issues of interest or concern to the community.

At the 2010 Internet2 Fall Member Meeting, the forum was split in two - with separate technical and policy sessions. Notes from both the policy session and the technical session are available (both are PDF files). Notes from past forums, the semi-annual InCommon Update, case studies, slide decks, and more are also available on the InCommon Collaborate wiki.
