

Enrolling in Internet2 IdAM for NET+ Services

Welcome! Please see below for instructions on how to enroll with Internet2 Identity & Access Management Services & gain access to the NET+ services Confluence collaborations.

1

Begin Your Registration

Start your registration by visiting the following link: <https://spaces.internet2.edu>. Click "Log-in" in the top right-hand corner.

2

Select an Identity Provider

Select your institutional identity provider from the dropdown menu. If your organization is not listed, select Google Gateway. This way you will be able to continue with your Google account.

INTERNET² Identity Services

Select an Identity Provider

Please select a trusted identity provider from the list below by beginning to type in the edit box.

If you do not find your organization in this list, there are two options:

1. You can [login with your Google account](#).
2. You can [register for an Internet2 Guest Login](#) and then choose the 'Internet2 Guest Login' on future visits to this service.

Enter your organization's name

Enter the name of the organization you are affiliated with...

☐ Remember selection for this web browser session.
☐ Remember selection permanently and bypass this step from now on.
