In v2.6.6+, there are notifications for failsafes

Set global defaults configuration

grouper-loader.properties

Choose action	Property name	Value	Configured in
Actions ▾	loader.failsafe.sendEmail Type: boolean (true or false)	if sending email on loader failsafe issues. Default to true if there are email addresses to send to	grouper-loader.base.properties
Actions ▾	loader.failsafe.sendEmailToAddresses Type: text	mchyzzer@yahoo.com if sending email on loader failsafe issues then send this these addresses (comma separated) mutually exclusive with sendEmailToGroup	database
Actions ▾	loader.failsafe.sendEmailToGroup Type: text	loader.failsafeNotifications if sending email on loader failsafe issues then send to members of this group name (id path) mutually exclusive with sendEmailToAddresses	database
Actions ▾	loader.failsafe.email.subject Type: text	Grouper failsafe caused job to not run: \$jobName\$ you can use the variables \$jobName\$	grouper-loader.base.properties
Actions ▾	loader.failsafe.email.body Type: text	Hello, This is a notification that Grouper job... more Unprocessed value: Hello.\$snewline\$S\$edu.internet2.middleware.grouper.cfg.GrouperConfig.retrieveConfig().getGrouperURL().true}groupierUI/app/uvp2Main.index?operation=UNV2Admin.daemonJobs&daemonJobsFilter=\${grouperUI.escapeUri(encodeURIComponent(jobName))}\$snewline\$Snewline\$STimestamp.\$snewline\$Snewline\$Snewline\$Regards you can use the variables \$snewline\$, \$jobName\$, \$timestamp\$.	grouper-loader.base.properties

Configure job-specific configuration

Failsafe send email Yes, send email on failsafe issue 

Send email to the configured failsafe email list or group when a failsafe issue occurs so they can approve the failsafe or fix the issue

Email sample

Subject: Grouper failsafe caused job to not run: SQL_SIMPLE__loader:owner1__d932caceb099461f8a110b0c4d77ddc5

Hello,

This is a notification that Grouper job SQL_SIMPLE_loader:owner1_d932caceb099461f8a110b0c4d77ddc5 did not run due to a failsafe condition. Approve the failsafe in the UI if this is expected.

http://localhost:8402/grouper/grouperUi/app/UiV2Main.index?operation=UiV2Admin.
daemonJobs&daemonJobsFilter=SQL_SIMPLE_loader%3Aowner1_d932caceb099461f8a110b0c4d77ddc5

Timestamp: Fri Jan 07 09:53:41 EST 2022

Regards.
