InCommon Academy

Ann West introduced Erin Murtha (Director , InCommon Academy) and Erin shared her slide deck and reviewed the InCommon Academy from start to current year.

Key points were the start of training over a decade ago, the impact of TIER program and its funding, and the importance of the Catalyst program.

The introduction of BaseCamp in 2019 and CAMP/ACAMP success the past years. The CSP program was born in 2018 and had 10 campuses the first year. Plans for the 2022-23 year were included in the discussion.

Ann talked about growing the work force and the introduction of a possible internship program, encouraging students to attend CAMPs at a discount rate and possibly at no-cost to the student.

It was mentioned that Regional networks would be a good place to go to get the smaller schools involved and partnerships for training where we can help them tailor the content to the audience.

Current slate of topics for 2022

Kevin asked the group to look at the document and make suggestions and or comments. He will be reaching out for help with materials, as needed.
