

Release Notice: Request for Proposal (RFP) for Amazon Web Services Public Sector Partner

Internet2 is distributing a Request for Proposal (“**RFP**”) to solicit proposals in connection with possible agreement(s) between us and a reseller or distributor with expertise related to the marketing, sale, licensing and/or distribution or resale of certain cloud based services, namely Amazon Web Services (such services, “**AWS**” and each such reseller or distributor, an “AWS Partner”), to the US research and education community (the “**Services**”) through the Internet2 NET+ Program (the “**NET+ Program**”).

The full RFP document may be obtained online at: <https://internet2.box.com/v/netplus-aws-rfp>

- Proposals will only be accepted via email, as outlined in the full RFP document, no later than 6:00 pm ET, February 17, 2023.
- Interested Respondents may also submit questions regarding the RFP as outlined in the full RFP document, but no later than 6:00 pm ET, January 27, 2023

Proposals must be complete in all material respects and signed by a duly authorized signatory of the Respondent in order to be considered.

Internet2 reserves the right to reject any and all proposals, and if it determines to award a contract, it reserves the right to select the person that best meets the requirements, as determined by Internet2 in its sole discretion, set forth in the full RFP document.
