

uApprove Early Adopters

Early Adopters of uApprove Technology

This page lists the early adopters of *uApprove* software technology within the InCommon Federation. The [uApprove](#) consent engine is developed and maintained by the [SWITCH](#) federation.

University of Cincinnati

Sumit Khanna <khannast at ucmail.uc.edu> has written a [tutorial](#) on how to use Microsoft SQL (in lieu of MySQL) with uApprove.

Brown University

- Steve Carmody <Steven_Carmody at brown.edu> led an [IAM Online](#) session on *The Challenges of User Consent* (May 11, 2011), including a demonstration of uApprove
 - [Session Archive](#) (Adobe Connect)
 - [Session Slides](#)

University of Southern California (USC)

- Russ Beall <beall at usc.edu> gave a live demo of USC's test instance of uApprove at the [InCommon Policy Forum](#) at the Spring 2011 Internet2 Member Meeting on Tuesday, April 19, 2011
- View the [recorded netcast](#) of the live demo (the demo begins at about 33:40 of the netcast)
- Screen shots of the USC uApprove deployment:
 - [screen shot #1](#)
 - [screen shot #2](#)
 - [screen shot #3](#)

University of Michigan (UM)

- [Shibboleth and uApprove at University of Michigan](#) (June 2010)
 - Luke Tracy <ltracy at umich.edu>
 - Ken Hammer <khammer at umich.edu>

North Carolina State University (NCSU)

- [uApprove Implementation at NC State University](#) (June 2010)
 - Mark Scheible <mark_scheible at ncsu.edu>
