

Minutes April 11

Form hosting and modifications

Dave Perhne at University of Michigan has agreed to host the form. As they are running Google apps, this will allow respondents to re-enter the form. The form is a bit long and unwieldy, so it can be filled out in multiple sessions.

Leo needs to make the updates to the form as per th April 5 meeting. These should be complete by Friday 13 April. Then Leo can forward the form to Dave early next week.

Scott and Keith are going to re-write the questions around Identity. Something along the following lines.

- a) App invokes service on behalf of a user. i. service in cloud. ii. service in local domain
- b) App invokes service on its own behalf i. service in cloud ii service in local domain.

Progress log

Dry run:

- 1. UW Madison Scott and team
- 2. Ohio State Glenn

Complete:

- 1. UBC Leo, Vincent Aumont
- 2. Michigan Dave Pehrne, Chris Eagle
- 3. Cornell Philip Robinson
- 4. Georgetown Piet

Rollout plan

- 1. Phase 1: Internal use
- 2. Phase 2: hand-held interviews
- 3. Phase 3: maybe shortened version for world
Combining interviews

Glenn+Leo UofT Frank Boshoff and Rajiv Kraushik

Leo Richard Fernig: Keith+Leo Berkeley Dedra and JR Schulden
