

# Next IAM Online Oct. 10, 2012 - Implementing an Effective IAM Program

**IAM Online – Wednesday, October 10, 2012**

3 pm ET / 2 pm CT / 1 pm MT / Noon PT  
[www.incommon.org/iamonline](http://www.incommon.org/iamonline)

## **Implementing an Effective Identity and Access Management Program**

What does it take to implement an effective identity and access management (IAM) program? The EDUCAUSE IAM Working Group has been developing the IAM Program Outline to answer that question.

This IAM Online presentation will provide a high-level description of the IAM Program Outline, including some of the guidance offered for those starting an IAM Program, the policy framework institutions may need to consider, and governance issues. The speakers will also discuss the assumptions the working group has made along the way. Please plan to join us! You'll find more information about the presentation at [www.incommon.org/iamonline](http://www.incommon.org/iamonline)

### **Speakers:**

David Sherry, Chief Information Security Officer, Brown University  
Miguel Soldi, Assistant Chief Security Officer, University of Texas System

### **Host and Moderator:**

Rodney Petersen, Senior Government Relations Officer and Managing Director, Washington Office, EDUCAUSE

### **Connecting**

We use Adobe Connect for slide sharing and audio: <http://internet2.adobeconnect.com/iam-online>. For more details, including back-up phone bridge information, see [www.incommon.org/iamonline](http://www.incommon.org/iamonline).

### **About IAM Online**

IAM Online is a monthly online education series including essentials of federated identity management, hot topics from the EDUCAUSE Identity and Access Management Working Group, and emerging topics in IAM. Experts provide overviews, answer questions and lead discussions. IAM is brought to you by InCommon in cooperation with Internet2 and the EDUCAUSE Identity and Access Management Working Group.
