Research and Scholarship Application Form for Service Providers

Application Form for the R&S Category for Service Providers

To have your service considered for the Research & Scholarship (R&S) Category, a principal investigator, site administrator, technical contact, or some other responsible individual should complete and submit this web form. Be sure to read the following documents before submitting this form:

- The REFEDS Research & Scholarship Entity Category specification
- The InCommon Participation Agreement (especially section 9)

Questions? Please send email to admin@incommon.org with "R&S Application" in the subject line.

Service Name required

The name of your service is the same as the DisplayName in metadata.

Organization Name required

The name of your organization is the same as the OrganizationName in metadata.

Entity ID required

Your entity ID is the same as the entityID in metadata.

Multiple federations? required
Yes
No
Is the above entity registered in multiple federations?

Information URL required

Your Information URL is the same as the InformationURL in metadata.

Login URL

Any page with a Login button qualifies as the login URL of your service.

Statement of Purpose required

Exhibit A required

☐ I have read the Research & Scholarship Entity Category specification and hereby declare that my service satisfies the requirements of this specification. [This must be true to comply.]

Exhibit B required

☐ My service is operated for the purposes of supporting research and scholarship interaction, collaboration or management, at least in part. [This must be true to comply.]

Exhibit C required

☐ My service metadata has been submitted to InCommon and has been published in InCommon's public metadata aggregate. [This must be true to comply.]

Exhibit D required

☐ My service refreshes and verifies metadata at least daily. [This must be true to comply.]

Exhibit E required

☐ My service is a production SAML deployment that supports the SAML V2.0 HTTP-POST binding. [This must be true to comply.]

Exhibit F required

☐ My service provides both an MDUI DisplayName and an MDUI InformationURL in metadata. [This must be true to comply.]

Exhibit G required

☐ My service provides both technical and administrative contacts in metadata. [A technical contract must be provided to comply.]

Exhibit H required

☐ My service provides requested attributes in metadata.

Exhibit I

☐ The requested attributes in metadata are a subset of the R&S attribute bundle.
(This is highly RECOMMENDED otherwise a bilateral agreement with each IdP may be required.)

Exhibit J required

☐ My service requests only those attributes required to operate the service.

Exhibit K required

☐ My service will not use attributes for purposes that fall outside of the service definition. [This must be true to comply.]

Exhibit L required

☐ I have read the InCommon Participation Agreement and understand that my service is bound by this Agreement (which was signed by my parent organization) and therefore my service is subject to the Privacy constraints outlined in section 9 of that document. [This must be true to comply.]

My Name required

My Email required

A copy of this application form will be sent to this email address.

My Affiliation required

What is your affiliation with this service (PI, site administrator, technical contact, service operator, etc.)?
