

Learn About Identity and Middleware Project at Virtual Working Groups

Virtual Working Groups - May 20-21, 2013

The IAM Online webinar series has scheduled a special [series of virtual working group meetings](#) to showcase key identity and access management tools and services.

Working groups will provide project overviews, discuss current work, and entertain questions. These will be interactive sessions, using Adobe Connect for slide-sharing and chat discussions, and a phone bridge for participating and posting questions.

Join us to:

- hear an overview of each project
- find out about the current work
- learn how your campus can benefit

Monday, May 20 (all times Eastern)

Noon - 1:15 pm - Grouper

1:30 - 2:45 pm - Shibboleth

3:00 - 4:15 pm - Interfederation and CIPHER (two separate topics)

Tuesday, May 21 (all times Eastern)

Noon - 1:15 pm - Social Identity

1:30 - 2:45 pm - CoCoA (collaboration platform)

3:00 - 4:15 pm - MACE-DIR

A [wiki page](#) includes background information on each of these working groups, agendas, and dial-in/Adobe Connect information: <https://spaces.at.internet2.edu/x/NYBHAg>

There is no charge for any of the sessions.

IAM Online is the monthly webinar series sponsored by InCommon, Internet2, and EDUCAUSE.
