Tues 4.15pm SantaBarbara

Scribing Template --Tues., Nov 12, 2013 at 4:15pm -- **Santa Barbara**

TOPIC: InCommon Project Priorities

CONVENER: John Krienke

SCRIBE: Mark "Max" Miller

# of ATTENDEES: about 25

MAIN ISSUES DISCUSSED:

John introduced topics:

delegated administration of metadata, site admin password resets, executive contact tools (desk phone locality not needed)

metadata aggregate, single entity metadata files, new entity tags (role based access)

social to SAML gateways

federation manager and certificate manager multi-factor access

regional federations

certificates, IETF certified

multi-factor - Duo

Net+ - eduRoam, docusign

assurance, bronze reading, gold profile coming(?)

community engagement

software, Shibboleth, grouper, commit

inter-federation, eduGain or bilateral

Jack Suess:

very busy, what should be the priority?

Audience...

Jacob Farmer - leverage with vendors, helping vendors develop federation understanding

Jim Basney - SPs need commonality and concensus among IdPs

Steve Carmody - initially the bar was set low; is it time to raise the bar for InCommon membership.

Scott Koranda - noticed research wasn't mentioned in John's list, what's InCommon's commitment to researech?

more attribute release, more federated incident response

Paul Caskey wonders if IdP of last resort would be useful

Scott Cantor wonders if NSF (etc) could mandate useful IdP behavior for faculty

Jack Suess - does waiting for the government makes us slower than we otherwise would be

should we just do a multi-factor profile, is there another profile useful to research

Jacob - helping SPs route attribute release configuration needs

Michael Gettes - years ago push to 'educate CIOs' but should this be targeted at those reporting to CIOs

Jim B. - InCommon helpdesk? track workflows

Kevin Morooney - the trade-offs, mature projects vs. new projects, agrees with Steven's point of 'this tall to get on the ride'

Steven - is there too much 'thin' use of the feederation? does that dimension need more development?

finding the appropriate person on campus for particular contacts

operational infrastructure for inter-federation

cypher! words can't describe Brown's pain trying to integrate with a vendor solution

stuff 'onto the plate' vs. stuff 'off the plate' - assurance,

Michael - re-emphasize importance of CommonApp (?) back at the home institutions (with registrars, etc)

Henry Hughes, Niels - importance of international cooperation, and federation routing for issues

Kevin - social to SAML importance

Jack - Are there SP's to highlight as 'doing it right'? Scott C. - WebAssign!

Out of time!!!

ACTIVITIES GOING FORWARD / NEXT STEPS:

If slides are used in the session, please ask presenters to convert their slides to PDF and email them to acamp-info@incommon.org
