

Action Items from 2014 Workshop

Action Items from Quilt InCommon Federation Workshop, Feb 6-7, 2014

[AI] (Shaun Abshere, WiscNet and David Dennis, Merit) look at how to map domain management systems to metadata verification

[AI] (Pilot-Def Working Group) reach out to organizations that want to participate in new pilots (KINBER, MOREnet, LONI, WiscNet)

[AI] (Pilot-Def Working Group) look at which regionals, in addition to MCNC, MOREnet, and NJEDGE.net are interesting in working through Model 4 (Full Service Steward) issues.

[AI] (Pilot-Def Working Group -> Federation Partnership Models sub-group) Develop training requirements for regionals interested in Model 4 (Full Service Steward). The aim of the training would be to provide guidance on issues such as RA processes and metadata handling. Note: this action item will be done in conjunction with the Model development and implementation.

[AI] (Jim Stewart) join the work on the federation business model definition effort.
(Note: Jim is now on the Pilot-Def email list)

[AI] (Mark Sheible and Mike Danahy) will work with the MACE-Directories WG on extensions to eduperson. (MarkS will get MikeD involved in the MACE-Directories WG)

[AI] (Ann) will set up an upcoming time on the All Pilots call to talk about schema (possible extensions to eduPerson for K12 /CC federation). Invite Ketih Hazelton to a call. (Update: Keith Hazelton is scheduled to join the All Pilots call on Thurs. Feb 27, 2014 at 4pm ET)

[AI] (Emily) request a side meeting for pilots at the 2014 Internet2 Global Summit in Denver. (update: time is Thurs, April 10, 7:30am-8:30am)

<http://events.internet2.edu/2014/global-summit/program.cfm?go=session&id=10003268&event=1241>

[AI] (Emily) send out minutes and follow up emails, with one of the emails to include a link to the roadmap. Specify steps for onboarding new pilots
