Why use Shibboleth

- Presentations
 - NASIG 2008
 - ALA Midwinter 2008
 - CNI Winter 2007
 - Internet2 Membership Meeting, Autumn 2007
- White Papers
 - Library reasons for using shibboleth
 - Provide information, from the library perspective, on how to talk with central IT about library advantages to adopting Shibboleth and federating.
 - links to resources to give to their IT departments that illustrate benefits, outside of the library, why a Shib-enabled campus is good.

Implementing Shibboleth at your institution

- Shibboleth Web site
- EDUCAUSE Identify Management mailing list - particularly those that have not implemented Shibboleth at their institutions and need the campus-level perspective. From this conversation, EDUCAUSE appears to be the best source of "campus-wide" implementation information

Joining a federation

- Provide information on how to federate with a vendor/service provider
- InCommon

Using Shibboleth in your Library

- Shibboleth enabled Vendors (vendor contact information, Service Provider Shib log-in pages)
- EZProxy
- Library/Shibboleth Pilot Campus Examples
