

# Current Focus

We are a Community of Practice in dental medicine working together to guide ICE Health Systems to enable us to advance education, clinical healthcare and research.

<a href="#">Collaboration</a>	<a href="#">How We Work</a>	<a href="#">Current Focus</a>	<a href="#">Big Data</a>	<a href="#">Get Involved</a>
-------------------------------	-----------------------------	-------------------------------	--------------------------	------------------------------

As a collaboration we are actively involved in projects to advance our goals and improve healthcare. Projects include technical guidance of ICE, content standards, educational calibration and research through the Big Database created through our warehousing project. Below are some of our current projects and areas committee focus

<Collaboration Diagram Here>

## Legend:

<b>Advisory</b>	Process and structure in a growing collaboration; organizing the next in-person meeting in April, 2016
