Developments in Assurance: Insights from Across the Pond is topic of InCommon Assurance Call Wed. Feb. 3

Developments in Assurance: Insights from Across the Pond Wed., Feb. 3, 2016 at noon ET

Resources from this webinar are now available!

Slides (PDF) are here. The Adobe Connect webinar recording is here.

The InCommon Assurance call on Wednesday. February 3 discussed "Developments in Assurance: Insights from Across the Pond." The discussion focused on two papers:

- a Service Aspects of Assurance white paper produced recently by GÉANT and
- Recommendations on Minimal Assurance Level Relevant for Low-risk Research Use Cases produced recently by AARC

Important issues covered in the papers include:

- Baseline assurance profile for IdPs
- SP requirements
- Self assessment tools
- Recommended best practices

One of white paper authors joined us on the call:

- Daniela Pöhn (Leibniz Supercomputing Centre)
- Mikael Linden (CSC - Finnish IT Center for Science) (unable to join but provided slides)

The host for the call was Chris Spadanuda, University of Wisconsin - Milwaukee and Chair of the InCommon Assurance Advisory Committee (AAC).
